

CHURCH INVENTORIES RESISTED IN FRANCE.

One Fane Broken Into, and Sulphur Fumes Are Used to Drive Out the Troops—Wild Scenes at Pignat. Several Wounded.

(BY THE ASSOCIATED PRESS—P.M.)

PARIS, Nov. 20.—The net results of the inventory operations conducted throughout the country today and tonight show that a total of more than 1500 inventories were made. In several cases there were serious collisions between those who resisted the intrusion of the government commissioners and the troops.

Reports show that altogether four gendarmes and several peasants were wounded and that about a dozen demonstrators were arrested. They were at once tried and sentenced to short terms in jail.

In several instances the people are still holding out and will remain in the churches throughout the night. At Villeneuve-De-la-Balanguie the clerics had been standing guard for two days and the authorities balked. When the soldiers battered down the doors of the church at Villeneuve-De-la-Balanguie, they were driven out by sulphur fumes and the prefect was compelled to postpone taking the inventory.

In most cases the parish priests and bishops, after protesting, yielded to a show of force, but some of the priests defended their churches until the doors were broken down.

In hundreds of cases the priests were taken by surprise, the authorities and soldiers arriving before daylight and completing their work before an alarm could be given.

At Armentieres, after the doors of the church had been broken in, the authorities found the vestry fortified with a breastwork of chairs bound together with barbed wire. The congregation filled the church and sang the "Marseillaise" as the soldiers entered.

When the authorities arrived at the seminary at Alencon, capital of the department of Orne, they found the bishop barring the door in person. Soldiers ejected him.

Work of inventorying has been completed in sixty-three out of the total of eighty-six departments. There still remain 300 inventories to be taken in the other twenty-three departments and in some places serious disturbances are anticipated.

Premier Clemenceau said in the Chamber of Deputies tonight that the troops had been ordered to ensure obedience, but that if they were fired on they would reply.

MARSEILLES QUIET.—(BY THE ASSOCIATED PRESS—A.M.) MARSEILLES (France) Nov. 20.—The authorities here, by a ruse, today accomplished the task of taking the inventories of the churches without disorder. Entering the churches and cathedrals before daylight, they completed their work before the people had arisen.

SOLDIERS ATTACKED.—(BY THE ASSOCIATED PRESS—A.M.) MONTPELLIER (France) Nov. 20.—Resistance to the taking of church inventories was general throughout the department of Herault.

Violent resistance occurred at Pignat, where the church was filled with the fumes of burning sulphur, which was shoveled into the building from the vestry and the doors were again forcing out the soldiers, while a crowd shouted maledictions at the troops and hurled stones and flower pots at them.

The church was finally cleared by a charge of infantry in order to permit the inventory. The church was then then discovered that the water mains had been plugged.

Intense excitement prevailed. At St. Eustache church bells were wildly rung, summoning the clerics, who surrounded the church. The forces of the department of Paris were not sufficient to attempt taking an inventory.

The church at Courmeaux was barricaded and the parish priest defended the door, but the military engineers cleared the way and the inventory was taken while hundreds of clerics outside sang hymns.

At Grables it was also necessary to batter down the church doors, and the taking of the inventory was accompanied by the imprecations of the multitude.

SENSATION IN SENATE.—(BY THE ASSOCIATED PRESS—A.M.) PARIS, Nov. 20.—Senator De Villiers created a sensation in the Senate today by making a vicious attack on the foundation and inner policy of the government. He charged the government with playing into the hands of Great Britain and demanded to know whether the report was true that a military convention had been planned between Great Britain and France.

Premier Clemenceau announced he could not say anything in regard to the Franco-British understanding, but stated that he did not believe a military convention had been planned between Great Britain and France.

The Senate rejected the interpellation, 213 to 22, and voted confidence in the government.

"TIMES" PARTY BACK AGAIN.

Travel Half Way Around the World—All Are Well.

The Times oriental party, which has traveled half-way around the world and back again, reached the Arcade Depot at 2:30 o'clock this morning.

The 140 members of the party should have arrived in their special train yesterday at 9 o'clock, but owing to the wreck of an oil car were delayed. All the party are well and enthusiastic over their trip.

A large party of friends waited to welcome the travelers this morning, and there were a score of automobiles and cabs to take them home, and the railway company provided two special cars.

WASHINGTON, Nov. 20.—[Exclusive Dispatch.] The first official report of the clerk of the House of Representatives on the membership of the new House, has been issued. It shows a Republican majority of 52, and the Democratic membership 164.

The change of increased membership within the past few days is caused by the official count in the Eighth Illinois District, which sends to Congress Charles McQuinn, Republican, instead of Stanley K. Davis, Democrat.

Next year, five members of Congress will be elected from Oklahoma, and will take their seats in the House when the new Congress convenes.

The Democrats are expected to elect four and possibly five of them, hence the new Congress, as officially reported, will stand either 55 or 54 Republican.

PRESIDENT MAKES TIME.
HIS RETURN HASTENED.—(BY THE ASSOCIATED PRESS—A.M.) WASHINGTON, Nov. 20.—The latest word received at the White House from the President before he left Colon on his way to Porto Rico, indicates that he will reach Washington on his return at least twenty-four hours earlier than expected.

He gained a day at Panama, leaving there Saturday night, instead of Sunday night, and is expected to finish his visit to Porto Rico and embark on the Louisiana from San Juan on Wednesday night. If the Louisiana makes good time on her run from San Juan to Hampton Roads, as was made to Colon, she will arrive and transfer the President to the flower in the lower Potomac in time for him to reach Washington late on Friday evening, or Monday morning next.

WINE MAKERS
WAR FOR TRADE.
CALIFORNIA VINTNERS SEEK TO
REGAIN MARKETS.

After San Francisco Disaster Easterners Grabbed Rich Territory Which Must Be Recovered and Golden State People Are Cutting Prices to Consumers.

(BY THE ASSOCIATED PRESS—A.M.) NEW YORK, Nov. 20.—The Journal of Commerce today says a great fight for the control of the cheap domestic wine business of the United States is on with the producers of California solidly arrayed on one side and the producers of the Middle West on the other. The business amounts to a very large total annually, and millions of dollars are represented in invested capital. The probabilities are that no truce will be reached and that one side or the other will be benefited in any event through thrashing out of the wine situation.

The California wine men have decided to materially lower prices after January 1, in order to drive their eastern competitors from the rich wine-consuming centers, such as New Orleans and St. Louis, where the easterners were able to secure a strong foothold after the San Francisco disaster of last April.

Rockefeller and Associates Acquire
Five Concessions in Congo Free
State from Leopold.

(BY THE ASSOCIATED PRESS—A.M.) NEW YORK, Nov. 20.—The announcement from Brussels yesterday that concessions had been granted to the companies to exploit India rubber resources to conduct mining operations in the Congo Free State was verified. The concessions it was said are probably the most valuable ever granted in the world. The rubber business is to be handled by the American Congo Company which was incorporated at Albany about a week ago.

The "The" stockholders are Thomas F. Ryan, the Guzenheimers, John D. Rockefeller, Jr., and Edward B. Aldrich, son of Senator Aldrich. A separate company in which Harry Payne Whitney will have an interest with the already named will conduct mining operations.

The consideration to King Leopold personally and to the Belgian government as well as the method of payment by the concessionaires is withheld for the present.

PITH OF NEWS FROM THE MIDDLE WEST.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Nov. 20.—[Exclusive Dispatch.] Sleet and snow in the early morning hours today, changed to rain as the mercury ascended. From 32 degs. maximum, soon after midnight, there was a gradual uplift to 41 degs. maximum. Rain and snow is the limit of the forecasters' vision. A weather freak, today, was the record of 10 degs. above zero in the Texas Panhandle and 26 degs. above at Medicine Hat.

Simon Budny, formerly Sucher Budniksky, of Newberry avenue,

emerged from Judge Winde's court, where the transformation occurred this afternoon, and started at full speed for the marriage license bureau. Budniksky was obliged to change his name before his sweetheart would consent to change hers. When friends of the fiancé began to address him as "Sucker Budniksky" she drew the line.

RELIGION AND BUSINESS.
(BY DIRECT WIRE TO THE TIMES.) DES MOINES (Iowa) Nov. 20.—[Exclusive Dispatch.] The Iowa Supreme Court today handed down a decision to the effect that the famous Amana Community Society may continue undisturbed in possession of its property, and no worldly-minded receiver will interfere with the peaceful progress of the Iowa County Community. The case was started by a disgruntled member, in the name of the State, in Iowa county, for a receiver, based on the ground that the organization, being religious, was operating beyond the province of its incorporation by conducting a business for gain. The Supreme Court holds that a religious organization has that right.

MANFIELD (O.) Nov. 20.—[Exclusive Dispatch.] The wedding of Miss Katherine Lahn and Capt. Frank Parker of the Eleventh United States Cavalry was celebrated here this evening, in the presence of many distinguished guests. It was a military wedding. The bride is a sister of Lieut. Frank Lahn, who was victorious in the international balloon contest at Paris recently.

NICHOLAS AND DUFFY
FACE INDICTMENTS.

(BY THE ASSOCIATED PRESS—P.M.)

SAN FRANCISCO, Nov. 20.—The grand jury returned two indictments this afternoon, one against Nicholas and one against Duffy, and the other charging Supervisor Fred Nicholas with agreeing to take a bribe.

Duffy is a hanger-on about the courts, and was formerly elevator man in the Hall of Justice.

The charge against Nicholas grows out of the purchase of furniture for the city. In the indictment Supervisor Mamlock is reported as having been the intermediary between the furniture firm and Nicholas. No action has been taken as yet against Mamlock.

When the grand jury reconvened this morning, it returned its inquiry into charges of municipal graft against Loup, a French restaurant-keeper, who had appeared before the jury last Wednesday. Loup, a witness, again appeared, with the request that he be allowed to "correct and remember" the testimony he had given.

Loup was admitted to the grand jury room, and, as he remained there, the jury did not believe that it is believed that he was allowed to take the stand again.

Loup's action this morning is believed to be a ploy to delay the trial. He is said to have given before the grand jury a statement that he was not a witness, and that he was not a party to the alleged graft.

ONE PERSON, AT LEAST.
THINKS SCHMITZ HONEST.
NEW YORK, Nov. 20.—Dr. Edwin I. Devine, who as special representative of the relief work of the association at San Francisco, following the earthquake disaster, declared before the New York State branch of the Red Cross today that, while mistakes might have been made in the distribution of relief funds, there was no "graft" there.

Dr. Devine took occasion to refer to the indictment recently returned by a grand jury against Mayor Schmitz of San Francisco, growing out of the investigation of municipal affairs, saying:

"There is one person, at least, who has every opportunity to know the truth, who does not believe that the Mayor of San Francisco has stolen a single penny of the relief funds."

(BY THE ASSOCIATED PRESS—A.M.) EDMONTON (N. C.) Nov. 20.—The body of J. F. Wilson of Pennsylvania who with fifty-five other American patriots, signed the Declaration of Independence, was today disinterred from its long resting place here, preparatory to being sent to Philadelphia, where, on Thursday next, it will be deposited in Christ Church burial ground, beside that of his wife.

WARD BLOODIES O'BRIEN'S NOSE.

NOVICE SPILLS THE CLARET FOR PHILADELPHIAN.

Principals in Big Thanksgiving Day Bout Prepare Earnestly for Battle and Each is Confident of Success—There Are Many Speculations as to the Outcome.

Jack O'Brien's claret bottle was drawn on heavily at Venice last night, when Bob Ward landed a heavy swing on the Philadelphia's nose and started the blood flowing. The sight delighted the large crowd present, which included the City Trustee and their wives and many other prominent citizens.

O'Brien and Ward put up a lively bout and the latter never appeared to better advantage. O'Brien took the blow on the nose in good part, and allowed Ward to attend to his knitting. The Terrible Turk then went on with Jack, and fought furiously, but the shifty O'Brien avoided his rushes.

"Battling" Swanson caught a Tartar in Jack Lee, who knocked him through the ropes and put him on "Queer street." Swanson returned to the ring, but was so dazed that he went after the referee, who promptly disqualified him. It was a bit "horseplay" that appeared genuine, and pleased the crowd. Several other short bouts were served to keep the crowd going steady, but the rounds were limited to about a minute each, and no damage was done.

The Philadelphia made a hit in his physical culture lecture. They say that as long as Jack stuck to his text he might consider himself the envy of many circuit men, but his versatility caused him to branch out into the extemporaneous, when his cockney accent and New England grammar left him, and he "spoke English as she is spoke."

O'Brien indulged in his last tantrum, for the present when he appeared on the stage, and today he settles down to serious preparation for the big fight the night of Thanksgiving Day; not that O'Brien has failed in any of the requirements of proper training, but he has indulged in little side plays that in another man would appear as a lack of preparation for a serious battle. But O'Brien has the sense to keep in condition all the time, and these little forays of his serve to keep him from going stale, much as some fighters take a bottle of ale occasionally to spice their diet.

While O'Brien is talking to gaping audiences, Tommy Burns is working earnestly at Long Beach. He is hardening himself for a bruising bout, for he expects to make some smashing and lots of it. Undoubtedly O'Brien will work for Burns' face and endeavor to close his eyes with sharp jab. Then he hopes to be able to work in close, under Burns' clouded vision, and do his worst for the Canadian.

Burns has other plans and while Jack is working to settle his gash, Tommy expects to be digging away at the cellar and plant a few light blows to O'Brien's midsection. It looks to be a light made to order, and the result will show the supremacy of one or the other style of milling.

SWEETING CHALLENGES.

Oakland Football Team Wants to Play the Southern California Champions.

The Century Athletic Club of Oakland issues a general challenge to amateur football teams in California, and is desirous of playing one of the leading Southern California teams before the conclusion of the present season. It is possible that a game will be arranged with one of the colleges and that another important contest will be added to the schedule.

The Century Club team is one of the strongest amateur teams on the Coast and had the northern colleges played the old game this year would have figured in preliminary games with Stanford and U.C. in place of the old Olympic and Reliance teams of the past. The members average 180 pounds to the man. In the past three years the team lost only one game, to the Selma team in 1905.

WINTER BALL SCHEDULE.

League Officers Desire to Have Eight Clubs Included in the Organization.

Schedules for games to be played by teams of the Winter Amateur Baseball League were arranged at a meeting of the league, and the officials are looking about for suitable teams to be added to the organization. The league heretofore has existed as a six-club organization, but it is desired to put eight clubs on the circuit. Any good team may make application to join by addressing F. J. Perkins, No. 412 Wall street.

ANARCHISTS MEET.

Discuss Advisability of Making Attack on Roman Police During the King's Visit.

[BY THE ASSOCIATED PRESS.—P.M.]
ROME, Nov. 20.—Anarchists held a meeting here today and discussed the advisability of making a demonstration against the police during the approaching sojourn in Rome of King George of Greece.

The most energetic measures have been taken by the police to prevent disorders. All persons not inhabitants of the city and without occupation will be sent away from Rome before King George arrives.

SUGAR PLANTERS MEET.

HONOLULU, Nov. 20.—The annual meeting of the Hawaiian Sugar Planters' association will be held on Monday, November 28.

HARNESS RACES FURNISH SPORT.

Good Crowd Witnesses First Day's Contests.

Queer Knight and Mollie Buttons Win.

Much Betting Takes Place on Running Events.

Two good races of three heats each, one match race between two good trotters, and three trials against time by green horses, filled the card of the first day's events of the Los Angeles Harness Horse Association's meet at Agricultural Park yesterday. As a side attraction two running races of indifferent caliber were added.

Close to twenty-five hundred persons witnessed the events, most of whom were men who confined themselves to the betting ring and the rail. Quite a number of women were in attendance, but not nearly so many society women as were expected to turn out. The cold weather kept many away, but nevertheless racing conditions were perfect otherwise. Much better attendance is expected the latter part of the week when the fast races are scheduled to take place. A larger crowd is looked for today, as the 2:10 race is carded, when such favorite performers as Dillah, Welcome Mac and Victor Platte are to appear.

Frank E. Stone of Wisconsin proved a good starter and did not have to hand out a reprimand. A little delay was caused by a first day's confusions, but the last race was finished in good time. Both the big races were finished in straight heats.

QUEER KNIGHT BEST.

The 2:15 trial furnished the best sport of the day. Queer Knight and Burnt racing a duel in the last two heats, with the big Morgan horse winning every heat. Burnt was going well through the field to Queer Knight's wheel, in the first heat, and staying with the big fellow all the way. He succeeded in keeping the Knight's flank at the finish. In the next two heats Burnt was a good third, Burnt being the contender. Duffie drove the latter in masterly heats and nearly succeeded in getting under the wire in the last. Zombowette looked better than a fourth, and this impression was increased by the method Beckers employed in driving. He leaned far back in his sulky and appeared to be pulling up his horse, to those unfamiliar with this method of jockeyship.

Homey elicited much unfavorable comment when he first appeared on the track. He is a homey little bay gelding and was slow in scoring, but he surprised the talent by pushing through the field to Queer Knight's wheel, in the first heat, and staying with the big fellow all the way. He succeeded in keeping the Knight's flank at the finish. In the next two heats Burnt was a good third, Burnt being the contender. Duffie drove the latter in masterly heats and nearly succeeded in getting under the wire in the last. Zombowette looked better than a fourth, and this impression was increased by the method Beckers employed in driving. He leaned far back in his sulky and appeared to be pulling up his horse, to those unfamiliar with this method of jockeyship.

MOLLIE BUTTONS WINS.
Mollie Buttons proved an easy winner in the 2:15 pace, but was forced to go the mile in 2:14 in the second heat, when Rockaway drove her out. Norda was assigned the pole in the first heat, and was going well to half when she broke badly, and before she could catch her stride was left far in the rear. She managed to get up in time to fight it out with Lillian S. for last place. Meanwhile Mollie Buttons took the pole and was never headed. After finishing well back in the first two heats, Wanderer Boy worked up surprisingly fast in the last heat and came in second, winning third money. This one looks good with more work. In a five to seven heat race he should prove a good thing. Rockaway fell down in the last heat, lack of work showing in his disadvantage.

CASTELLANE ON BASEBALL TEAM.

[BY DIRECT WIRE TO THE TIMES.]
CHICAGO, Nov. 20.—[Exclusive Dispatch.] Charles W. Murphy, vice-president of the Chicago National League baseball club, has offered Count Boni Castellane a salary of \$5000 a year and the services of a valet to join the Cubs. Boni is wanted as wardrobe master to keep the uniforms of the Cubs in style and to see that the boys are the dressiest people in America, both on and off the field. Murphy believes Castellane would draw trouble his salary the first month on the circuit.

RESULTS AT BENNING.

SIX and a half furlongs: Red Knight won, Bohemia second, Lone Hand third; time 1:22.

FIVE and a half furlongs: Lee Harrison II won, Tucker Neck second, Speed Queen third; time 1:19.5.

ONE mile: Horay won, Voladay second, Dekater third; time 1:43.

SIX furlongs: Monte Bert won, Oraculum second, Killohan third; time 1:16.

ONE mile: Blue Pizay won, Noblesse Oblige second, Bizzo Izzy third; time 1:45.

ONE mile and seventy yards: Oxford won, Water Grass second, Lady Vera third; time 1:46.5.

Arguments on the demurrers to the indictment recently voted at Chicago against the Standard Oil Company of Indiana will be heard December 10.

POMONA'S SPECIAL TRAIN.

Students Preparing to Attend Occidental Game in a Body if Conditions Permit.

[SPECIAL CORRESPONDENCE OF THE TIMES.]
CLAREMONT, Nov. 20.—The Pomona College student body today held a meeting to discuss the subject of chartering a special train to Los Angeles to attend the annual Occidental football game next Saturday. With this game the Pomona team will close its season, unless a Rugby contest with the Los Angeles Rugby Club should be made. At the regular faculty meeting last Friday it was decided to grant a half-holiday for the Occidental game, provided at least 150 students signify their intention of attending. It was to take advantage of this action that the student body meeting was held. The undergraduates voted to take a canvass of the numbers intending to go to the game, that suitable transportation arrangements might be made, and that the holiday might be secured.

The football team held no practice yesterday afternoon, the men resting after the hard U.S.C. game last Saturday. This afternoon regular practice began for the last week of the season. It is still uncertain whether or not Walden and Mahoney will be able to get into next Saturday's lineup; there is a chance that both men will be able to play, in which case the team that meets Occidental will be materially stronger than that which was defeated by the Methodists last week and the team which was forced to retire from Saturday's game, will both be in the game again, their injuries being only general bruises of no particular consequence. Of the other men in the U.S.C. game, all, with the possible exception of Chisholm, will be ready for immediate work.

A great share of the week's practice probably will be devoted to punting. The 2:15 trial furnished the best sport of the day. Queer Knight and Burnt racing a duel in the last two heats, with the big Morgan horse winning every heat. Burnt was going well through the field to Queer Knight's wheel, in the first heat, and staying with the big fellow all the way. He succeeded in keeping the Knight's flank at the finish. In the next two heats Burnt was a good third, Burnt being the contender. Duffie drove the latter in masterly heats and nearly succeeded in getting under the wire in the last. Zombowette looked better than a fourth, and this impression was increased by the method Beckers employed in driving. He leaned far back in his sulky and appeared to be pulling up his horse, to those unfamiliar with this method of jockeyship.

SUPERVISORS ACT.

Order Sheriffs and Deputies to Arrest Autoists Who Speed Over Highways.

REDWOOD CITY, Nov. 20.—The Board of Supervisors have received from the Automobile Club of California a letter in reference to the record-breaking runs which have been made recently between San Francisco and Los Angeles. The club deprecated such misuse of the roads and violation of law, and earnestly advocated the arrest and prosecution of such record seekers. It is deemed the speed limit of twenty miles an hour, and reasonable use of the highways, which should be dealt with most severely.

The Board of Supervisors took prompt action in the matter, by referring the letter to Sheriff Mansfield with instructions to give the subject their personal attention. Mansfield once got in communication with all his deputies and the Constables throughout the country and ordered them to arrest any and every person found exceeding the State speed limit of twenty miles an hour, and any of whom caught will be vigorously prosecuted.

BILLIARD TOURNAMENT.

Boston Man Defeats St. Louis Cushman in Opening Event of the Week.

[BY THE ASSOCIATED PRESS.—P.M.]
NEW YORK, Nov. 20.—The American shortstop billiard tournament at 15-ball headline, two shots in, was begun here last night. Charles Albert Cutler of Boston and Charles Peterson of St. Louis met in the first game and the Boston man won out 400 to 151. Cutler showed some skill for a run of 49. In the fourth inning, which gave him a commanding lead, and after making 58 in his thirteenth, he ran out the game in the fifteenth inning with a beautifully-played unfinished run of 162.

There are seven men entered in this tournament and twelve night games and nine matinee contests have been arranged.

WOMEN RODE INCOGNITO.

Tom Cooper's Companions in Serious Condition Because of Injuries Received.

[BY THE ASSOCIATED PRESS.—P.M.]
NEW YORK, Nov. 20.—Miss Helen Lambert, who was injured in the automobile accident in Central Park in which Tom Cooper, formerly well known as a bicyclist, was killed, was very low at an early hour today as her recovery was said to be a matter of grave doubt.

Daniel Bascow, another victim of the accident, was also reported in a very low state today as his recovery was said to be a matter of grave doubt.

Before she left she told the hospital authorities that her name was Helen Leavitt.

Cooper, it is said, was worth from \$60,000 to \$70,000, all of which was made out of his profession as a bicycle rider and a driver of automobiles.

Arguments on the demurrers to the indictment recently voted at Chicago against the Standard Oil Company of Indiana will be heard December 10.

THE CITY IN BRIEF

NEWS AND BUSINESS.

Father Wounded in Revolution.
Announcement comes from St. Louis of the death of Father John J. Sheehan, a noted jurist, whose father was wounded in the American Revolution. He leaves only one relation, it is said—Mrs. W. R. Mason of Bakerfield, his daughter.

Chicken Dinner.
The ladies of the Aid Society of the Westlake Presbyterian Church, Tenth street and Union avenue, will give a chicken dinner on Friday evening in the church parlors, from 6:30 to 8 o'clock. Proceeds for the benefit of the church.

Texas Society Meets.
The Texas Society met last night at Fraternal Hall. The gathering was attended by over four hundred former residents of the Lone Star State. Miss Cleveland and Mrs. Hayman gave recitations; there were piano solos by Miss Toland and Miss Schaefer, and a vocal solo by Miss Schaefer.

Old Gun Shells.
An old revolver which was handled by a clerk in the jewelry shop of Geo. A. Brown Co., No. 114 South Main street, yesterday was found to be a bullet having its tip in a shoe case and greatly alarming many who heard the shot. The clerk in examining the gun, pulled the trigger. No one was injured.

Temple B'nai B'rith Union.
An adjourned meeting of the literary section of the Temple Union will be held at the Temple rooms in Temple B'nai B'rith this evening at 8 o'clock. The special committee appointed for the purpose will report a plan for the continuance of the work of the section, and will submit the December programme.

Greene's Associates Wrong.
On investigating F. B. Greene, arrested on suspicion last night, it was learned that he is a son of G. W. Greene of Great Bend, Kan. According to the arresting officer, Greene has been in the city for some time, but has been associating with many persons of the worst element. The officers intimate that Greene is not what he ought to be.

Plant Designer Arrives.
Fawcett Robinson, who constructed the wonderful electric floats for last year's Fiesta, arrived in the city yesterday to begin work on the floats for next spring's great spectacle. Mr. Robinson comes direct from Kansas City, where he had the contract for the floats in the celebration of the "Fiesta of Pallas."

The Oregon Journal Announces.
E. P. Clark, president of the Los Angeles-Pacific road of this city, has been negotiating with C. E. Lusk of the Portland electrical plant in the purchase of the same. The deal has not been closed, and it is understood there are obstacles in the way of an agreement between Mr. Lusk and Mr. Clark. In the form of the outstanding bonds, and that this probably is one of the principal reasons why they are unable to reach an agreement.

Pray of the Sneaks.
Mrs. C. E. Smith, a stenographer in the Van Nuys Hotel, mourns the loss of a pretty pocketbook which contained \$20.00. The pocketbook was left lying on her desk and a sneak took it. F. G. McDonald, No. 238 East Twelfth street, second floor, was also the victim of a thief, who stole his gold hunting case watch with chain and locket, from his room. A clothing thief took wearing apparel from J. C. Taylor, 305 E. Main street, and from Geo. Culp, No. 264 East Fifth street.

After His Money.
George Roe, a civil engineer, was arrested at the Glendale lodging house last night on a charge of disturbing the peace. It is understood from the policeman arresting him that Roe was creating a disturbance in the house, and that when the proprietor attempted to eject him Roe put up a fight. Roe says that he left \$10 in a room at the lodging house, and when he asked to go into the room the proprietor began to abuse him, and struck him.

Thrown Through Car Window.
While standing on the end of an east-bound Maple-avenue car at Fifth and Main streets, evening, Louis Hirt was thrown through the rear window of the car and seriously injured. Hirt was on his way from the Edison electric plant to his home at No. 116 Ruth avenue. Hirt was placed on another car and taken to the Receiving Hospital. He had sustained a three-inch laceration on the back of the scalp, a cut on the right side of the face and a wound beneath the chin. Hirt also suffered concussion.

Hungarian Club.
The Los Angeles Hungarian Home and Charitable Society was organized last evening at No. 444 East Third street. There are thirty-three charter members of the organization, the purpose of which is to extend aid to Hungarians now here and to come. Officers were elected as follows: President, Zabor Hagi; vice-president, Albert Peltzer; treasurer, R. Wolf; secretary, Joseph Hirt; controller, Charles Schweitzer; trustees, Charles Tuth, H. Politzer, G. Polatay; voting tellers, R. T. Teitelbaum, S. Weisberger, G. Urick and J. Graf.

VENICE WANTS PEOPLE.
VENICE, Nov. 10.—The offer of Abbot Kinney to present \$50 in gold coin to the parents of every child born in Venice, not having resulted in increasing the permanent population of the beach at a satisfactorily rapid rate, the citizens have called a mass meeting for Thursday evening. At that time an active campaign will be promoted to elevate the status from the slough of business depression into which it has been gradually slipping during recent months. People from all over the city are expected to come to the beach to be discussed. Business interests are loud in their clamor for any change that will bring people from all over the city to the meeting promises to be a serious affair.

Factories and Fabrics.
Great men had good mothers, but if all good mothers had great sons there would be a surplus. Likewise, all the fabrics of the tailor world are born in famous factories, but if all famous factories gave birth to fabrics worthy of fame there would be a surplus. Our Resident English Buying Representative always knows just where the fabrics that combine both wonderful beauty, quality and great attractiveness of pattern and texture are born. He pays monthly visits to all the great fabric factories of Great Britain. He knows a month in advance just what will be the most fetching fabrics that will be brought out in the coming month. He gets the pick of the weave, so, therefore, you get the pick of the wardrobe. Come in and let us show you our exclusive findings. 40 to 50.

Glendora Sets the Pace at Swift Cleaning.

Foothill Town Gets Feast and a Brushing.

Wit, Wisdom and Work Will Wreak Wonders.

The whole town of Glendora turned out yesterday and had a fall house-cleaning.

On my, yes!! The Parsons were out, too!!!

Dinner will be served at the hall at 12 sharp!

AND THOSE DOUBLED DECKED PIES—MY! MY!!

W. B. MORGAN, County Fish, Game and Game Warden, who confiscated a carload of elk horns and hides yesterday, and arrested two long-sought poachers, and the consignee of the shipment.

The baies of horns are nine feet high, six feet wide and four feet thick, and contain from ten to fourteen sets of antlers to a baie. The three crates also weigh 175 pounds and hold the choice green sets, all of which are magnificent. The boxes of personal effects had as in another case, and Morgan thought to contain traps and possibly other unlawful "souvenirs" of the season's slaughter. The shipment was placed under the care of the Salt Lake people with directions to allow no one to touch them without an order from the Federal Court.

SNEAKING IT IN.

The freight car containing the game was chartered at St. Anthony, Idaho, which is near the head of the north fork of Snake River, about eighty miles from the National Park. Beside Yellowstone, Jackson's Hole and other districts surrounding the Yellowstone are government preserves, and it is in these districts that Binkley and Purdy are supposed to have done most of their killing. A violation of the law in one place is just as bad as in another. Morgan claims that whether the game was killed within the bounds of Yellowstone Park or not is a mere technicality that has little bearing on the case. The fact that the shipment left Idaho without a permit, untagged and falsely represented as "household goods," makes a case against the men. The discovery of the hides under the floor of the car is considered a strong bit of evidence against Booth by the official.

CAPTURE BY MORGAN.

Yesterday morning Morgan swore to deputies before Deputy Dist. Atty. McCormick, and warrants for the arrest of the poachers and the consignee were issued. Deputy United States Marshal Ben Franklin was delegated to accompany Morgan. The officers went to the Salt Lake freight depot, where they found Binkley, Purdy and Booth negotiating with the freight people in regard to the payment on the carload of goods which had already been unloaded and stored in the freight house. They were taken completely by surprise, and all protested absolute ignorance of any violation of the law. Trouble had been expected from Binkley, and he was searched for weapons, and these were found. Binkley admitted that previous to his shipment of elk traffic had been confiscated, but insisted that the game in the present way to Booth, and fully killed, and that Yellowstone Park had not been entered.

GREAT BALES OF HORNS.

In the consignment were thirteen baies of elk horns three crates of elk horns, two enormous baies of elk scales, several baies of hides and two boxes of personal effects. When Binkley was searched, thirty choice elk teeth were found scattered about his pockets.

Dinner will be served at the hall at 12 sharp!

AND THOSE DOUBLED DECKED PIES—MY! MY!!

W. B. MORGAN, County Fish, Game and Game Warden, who confiscated a carload of elk horns and hides yesterday, and arrested two long-sought poachers, and the consignee of the shipment.

The baies of horns are nine feet high, six feet wide and four feet thick, and contain from ten to fourteen sets of antlers to a baie. The three crates also weigh 175 pounds and hold the choice green sets, all of which are magnificent. The boxes of personal effects had as in another case, and Morgan thought to contain traps and possibly other unlawful "souvenirs" of the season's slaughter. The shipment was placed under the care of the Salt Lake people with directions to allow no one to touch them without an order from the Federal Court.

SNEAKING IT IN.

The freight car containing the game was chartered at St. Anthony, Idaho, which is near the head of the north fork of Snake River, about eighty miles from the National Park. Beside Yellowstone, Jackson's Hole and other districts surrounding the Yellowstone are government preserves, and it is in these districts that Binkley and Purdy are supposed to have done most of their killing. A violation of the law in one place is just as bad as in another. Morgan claims that whether the game was killed within the bounds of Yellowstone Park or not is a mere technicality that has little bearing on the case. The fact that the shipment left Idaho without a permit, untagged and falsely represented as "household goods," makes a case against the men. The discovery of the hides under the floor of the car is considered a strong bit of evidence against Booth by the official.

CAPTURE BY MORGAN.

Yesterday morning Morgan swore to deputies before Deputy Dist. Atty. McCormick, and warrants for the arrest of the poachers and the consignee were issued. Deputy United States Marshal Ben Franklin was delegated to accompany Morgan. The officers went to the Salt Lake freight depot, where they found Binkley, Purdy and Booth negotiating with the freight people in regard to the payment on the carload of goods which had already been unloaded and stored in the freight house. They were taken completely by surprise, and all protested absolute ignorance of any violation of the law. Trouble had been expected from Binkley, and he was searched for weapons, and these were found. Binkley admitted that previous to his shipment of elk traffic had been confiscated, but insisted that the game in the present way to Booth, and fully killed, and that Yellowstone Park had not been entered.

GREAT BALES OF HORNS.

In the consignment were thirteen baies of elk horns three crates of elk horns, two enormous baies of elk scales, several baies of hides and two boxes of personal effects. When Binkley was searched, thirty choice elk teeth were found scattered about his pockets.

A Weak Heart
Seldom gets strong again without help. Awake or asleep, never stops, and consequently has no period of rest or relaxation in which to regain lost vigor. You should avoid exertion, excitement and worry as much as possible, to relax the muscles and take Dr. Miles' Heart Cure, which is a heart tonic, strengthens and restores vigor to the heart nerves and muscles. The symptoms of a weak heart are shortness of breath, palpitation, feeble or too rapid pulse, hungry spells, hot flashes, dizziness, smothering spells, pain in heart or side, etc.
"I had been treated for heart disease by different physicians without improvement. Finally my doctor informed me that there was little hope of my ever being able to do a day's work again. About that time a physician called upon me and said, 'I have a remedy for your condition, and have cured many others like you.' He gave me a bottle of Dr. Miles' Heart Cure, and I took it as directed. I feel better now than I have for years. I am able to do my work again, and I am a stronger man than I was before."—J. H. WILSON, Remond, N. Y.
Dr. Miles' Heart Cure is sold in all drug stores, or by mail, for \$1.00 per bottle. It is the first bottle you will need. If it will not cure you, your money will be refunded.

schools, on the ground that it causes children to find their confidants outside of mother and father, and to seek them in their fraternity sisters and brothers.
Mrs. W. H. Housh said that she knew very much more of the effect of fraternalism and sororities yesterday than she did Sunday, when she was asked to be ready to discuss the matter in the council. She had made much investigation among the younger and the older members of both "frats" and sororities, and her decision, after weighing and balancing and striking a careful average of all testimony for and against, was to the effect that they are beneficial if under proper supervision, with membership based on scholarship, and that they are better kept in the schools, where they have a character to sustain, than thrown out without name or a club guide to uphold them.

OPPOSE SORORITIES.
"I am decidedly opposed to 'sororities,'" was the message sent by Mrs. George Caswell, head of the Marlborough School, to the presidents' council. Mrs. Caswell could not be present, but she sent a few words, which expressed her views in no uncertain manner. "I have just opposed the entrance of a certain sorority in my school for the second time," read the message. "They give a false basis for friendship," objected Mrs. Willoughby Rodman, and she added the testimony of two women who have brought up large families in Los Angeles, the one attributing the success of her own upbringing to the fact that she had not allowed them to belong to the fraternities; the other attributing her own failure to the fact that her boy had become entangled with fraternity ties.
"Qualifications in frats and sororities do not depend upon scholarship, good manners or morals," said Mrs. W. R. Dickinson. "We have been rushing some of the roughest girls, you will hear the sorority girls say, 'No, we don't want her, she dresses so tacky,' they will say of another, and such remarks as these are generally the basis for sorority selections."
"You cannot blame the boys and girls," said Mrs. Frank E. Price, "for wanting clubs of their own. Just be sure they have clubs of the right sort, and if the secret societies are not doing them good, it is the parents' business to find out."
"Ladies," said Mrs. Hill, "do you want to go on record in this matter? Do you wish to make a recommendation or pass a resolution?" The opinion of the council was that they were not ready for action, but would like to have the subject slated for further discussion at the president's council at the State meeting in Bakersfield.
A resolution was adopted, indorsing the State resolution in approving true text-books for the schools.

EVENING RECEPTION.
Last evening the Eboli Clubhouse was all aglow with the richest autumn flowers, yellow and white chrysanthemums enhancing the artistic beauty of the clubhouse, the decorations for the reception, being under the direction of Mrs. William S. Cross. Here and there in a prominent setting were the initials of the C.P.W.C. in the purple of violets, the federation color.
The receiving party, who welcomed the guests that thronged the place during the evening were the members of the district board, with Mrs. Oliver C. Bryant at the head, the guest of honor, Mrs. Hill, Mrs. P. G. Hubert of the hostess club, Mrs. Joseph Evans Cowles, Mrs. Robert J. Burdette, and Mrs. Fred Hooker Jones, chairman of the Eboli Reception Committee. Today, the regular session of the district convention will open at the Eboli Clubhouse at 10 o'clock. There will be reports of committees, reports of district officers and presentation of state officers, addresses of Mrs. Hill, Mrs. Cowles, Mrs. Turner, the district delegates to the biennial, and report of the secretary, Mrs. Frank Bryant. In the afternoon at 2:30 there will be reports of newly federated clubs, and reports of district work, by Mrs. M. E. Robertson, Mrs. George T. Barr, Mrs. C. C. Ashley and Mrs. A. S. C. Forbes, with talks by Mrs. O. S. Burnum, chairman of the Civic Committee, Settlement Association, and Dr. T. J. Coffey.

This evening at 8 o'clock will come the address by Rev. Owen Loevoey, assistant secretary of the American Child Labor Committee, with the music for the evening by the Occidental Glee Club.

JEWISH ENTERTAINMENT.
Fine Musical and Literary Programme, Followed by a Dance, to Be Given Tonight.

The Jewish Sisters of Los Angeles will give a musical and literary entertainment and dance in Blanchard Hall tonight for the benefit of the new Congregation Sinai, recently organized by Rabbi I. Myers. Mrs. Myers is manager of the affair, assisted by Mrs. I. Brown, and the programme is as follows:
Marcell Katz will sing selections from "Lohengrin," with violin obligato by Miss Birnbaum vocal solo by Miss Mabel Whitte; violin solo, Master Guinzburg; comic recitation, Eliza Dausinger; piano solo, Mrs. W. C. Spingler.

This programme promises an entertaining evening, as it includes some of the most musical talent in the city, and good music will be provided for the dance that follows.

Merryweather Rough.
E. Merryweather, charged with battering an aged man named Cook, was found guilty by Justice Chambers yesterday and paid a fine of \$10. Merryweather is a Pullman porter and though he denied the charge, Cook showed his bruises and made his case good.

NEW ILLLEGAL VOTES CAST.
ELECTORATE ATTORNEY SURPRISED BY COMMITTEE REPORT.
Investigation Proves Conclusion That There Was No Whole "Stuffing" at General Election.
Detailed Lists Obtained Will Probably Be of Use in Near Future.

Fredericks has completed his investigation of the alleged illegal voting at the general election on November 6 and finds the charges unfounded. He has appointed a committee to make a complete canvass of the non-partisan committee, the summary of the work of the committee being as follows: The committee investigated by the great number of precincts canvassed were: 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100. The committee found no evidence of illegal voting.

FAILS TO HELP WIFE AND BABE.
POOLROOM EMPLOYEE WOULD LET INFANT STARVE.
Nichols Makes Sorry Defense When Charged With Failure to Provide for His Three-Weeks-Old Child and Its Mother—Miss Starr Has Novel Method of Collecting.

The pitiful story of Mrs. Flora Nichols, wife of Arthur G. Nichols, a poolroom employee, who has failed to provide for her three-weeks-old babe, was told in Justice Austin's court yesterday afternoon. Nichols was charged with failure to provide for the child, and Nichols is a poor, uneducated woman, who, according to her testimony, was forced to go to the "Truancy Home" when her child was born, because her husband neglected her. Nichols is a dapper little fellow, wears gold-rimmed eye glasses and a white shirt. He went on the stand and declared his wife had left him, and offered a note left by her as evidence of the desertion. He spoke in a low voice, as if he wished only the court to hear his shameful story. He declared he had been sick, though he looks perfectly well, and seems able to work. With her three-weeks-old babe in her arms, Mrs. Nichols was placed on the stand as the chief witness for the prosecution. Her sad story brought tears to the eyes of many. She showed how she had been deserted by the poolroom man, who since the baby boy came into the world, has contributed only a paltry exchange check, worth \$1.25, toward its support. "I bought two little dresses, two pinning blankets and a flannel skirt with the money," said the mother, beginning to cry. "That is all he gave me, and the baby needs more clothes now."

This did not seem to move Nichols, who smiled in a reassuring manner to the few friends who appeared in his behalf. As he was the details in the case, there was also a element of comedy, as the husband, who by his own testimony has failed to provide for the infant, seemed to feel that it was an indignity for his wife to have him arrested. His dignity was given another severe jolt by the court. "It is impossible for the court to convict the prisoner from the testimony given. But if you appear here again charged with such an offense it will go hard with you, as it will be the duty of this court to convict you of this former charge. I find the prisoner not guilty."

Should Nichols again be delinquent in his duty toward his child, a new complaint will at once be sworn out against him. This is the determination of Justice Austin, who seemed to regret that it was not possible to punish him yesterday.

Would Collect Forcefully.
Miss Belle Starr, who rents apartments at No. 222 Winston street, has a novel method for collecting her rent. When her tenants refuse to pay, she secures the doors and windows, then breaks into the house with a hatchet and asks for her money. The scheme is not successful. Yesterday the landlady was forced to defend herself against a charge of disturbing the peace, and a fine of \$15 or fifteen days, with a suspension clause, now stands against her. Mrs. Starr, her child and aged father, rented rooms from Miss Starr. They could not pay, or would not, according to the testimony of the landlady. Though importuned from time to time, they continued to make excuse, until the landlady, incensed, took the law into her own hands, smashed the front partition between her rooms and those of her tenants and entered with the hatchet in her hands. Of course she carried the day, drove the tenants from the partition and into the street, and refused to let them take their effects from the house. Mrs. Starr immediately swore to a complaint against her landlady, charging disturbance of the peace. Mr. and Mrs. George Boardman, neighbors of Mrs. Starr, declared that Miss Starr had acted in a threatening manner. Justice Chambers told Miss Starr she must not expect to collect rent in such a ferocious style. He declared the Tylers would have been justified had they resisted her to the death, and he explained that a tenant's rights to their premises is inviolate until the law interferes.

Is Child Law Violated.
Mr. and Mrs. L. M. Hymer, who conduct a private messenger bureau, are charged with having tried to enter the hold-up business, choosing Steve Mahoney, track field champion for the Southern Pacific, Mahoney weighs over 200 pounds, has a physique like Jim Jeffries, and can fight like a tiger. The hold-up, of course, was a farce, and came near costing Smith his life. Three amateurs ordered Mahoney to throw up his hands. Instead he shot out his fist and struck Smith on the point of the jaw, placing him hors de combat. Jasper and Burrell then fled. When Patrolman Clifford arrived Mahoney was standing over Smith, with the would-be hold-up man's pistol in his hands. The trio was arranged in Justice Chambers' court yesterday morning, and given time to plead. Their examination was set for tomorrow morning at 9:30 o'clock.
